## Panhard Bar Kits

Here's just what the doctor ordered for those situations where a rear end housing is out of the vehicle and being modified. This weld-on Panhard Bar kit includes tower mounts for the rear end housing and frame. The bar is fitted with polyurethane-bushed stainless steel rod ends.

12120327 (A) Weld-In Panhard Bar Kit..... **\$125.00**

For applications where the rear end is in the vehicle, we have a convenient bolt-on Panhard Bar kit that attaches to a 9" housing with the 3rd member bolts on one end and the companion bracket must be welded to the frame. The package includes all required hardware.

12120527 (B) Bolt-In Panhard Bar Kit (Attaches to Rear End Gasket Flng)... **\$180.00**

## Diagonal Link Kits

Morrison also manufactures a wide variety of diagonal link kits. They are available in both weld-in and bolt-on styles. Right hand/left hand rod ends provide easy adjustment. Your choice of 30" or 36" long links. Complete with all required hardware.

12120030 Weld-in Diagonal Link Kit, 30" ..... **\$90.00**  
 12120036 Weld-in Diagonal Link Kit, 36" ..... **90.00**

The high mis-aligned Panhard Bar is designed specifically for applications such as air ride with significant rear end travel.

12120340 Weld-in High Mis-Align Panhard Bar Kit, 30" ..... **\$180.00**  
 12120341 Weld-in High Mis-Align Panhard Bar Kit, 36" ..... **180.00**

## REAR END HOUSING ALIGNMENT TECH TIP:

There are numerous options available for a track locator and the right tool for the job is surprisingly critical for the performance of your vehicle. AME offers these and other ways of keeping your live axle square in your vehicle. If you have any questions, please call and speak with the Morrison sales & tech staff on which one is right for your application.
